August 8, 2017 - Honolulu, HI – Dana Ciccone, CEO of Steep Hill Hawaii, the first state-licensed cannabis testing lab in Hawaii, announced today it received ISO/IEC 17025:2005 certification by Perry Johnson Laboratory Accreditation Inc., an international accrediting agency recognized by governments and industry participants around the world as the standard of excellence for the operation of a quality laboratory management system.

Ciccone said in making the announcement on the achievement of the Certificate of Accreditation, “We are proud not only to be the first cannabis lab to be licensed in the State of Hawaii, but also now the first lab to achieve ISO certification, as well. Industry businesses, medical professionals, state regulators, and patients can be confident that our lab and its testing standards will operate to the highest international standards. This is a turning point for the industry – we have moved very quickly to raise the industry standards in Hawaii to internationally recognized certification. I am very proud our scientific team for the professionalism and hard work they put in to achieve this certification.”

Steep Hill Hawaii will run full-service testing for cannabinoid profiles (potency), terpenes, pesticides, heavy metals, biological screening, and residual solvents, testing for 17 Cannabinoids and 43 terpenes. The company will test for industry businesses and in-state patient cardholders, and it has been structured to provide services to be affordable, with quick turn-around times. Steep Hill Hawaii is a locally-owned and operated company.

Steep Hill Hawaii is open for business Monday to Friday, from 8:00 am to 5:00 pm, and is located at 1150 South King Street, Penthouse Suite, Honolulu, HI 96814. Tel: +1 (808) 735-5227.
